PROFESSIONAL SUMMARY

Technical Product Manager & ex-Front-End Engineer with over 5 years of experience delivering scalable web applications and user-centered digital products. Proven track record of bridging the gap between engineering, UX/UI design, and business requirements. Experience in product discovery, PRD writing, wireframing, and cross-functional team leadership. Combines deep technical fluency in React and Next.js with strong product strategy to build intuitive, high-performance web products.

CORE COMPETENCIES

Product Management: Product Discovery, PRD & Feature Specifications, Roadmapping, Competitive Benchmarking, KPI Tracking, User Stories & Acceptance Criteria.

UX/UI & Design: Figma, Low-Fi Wireframing, User Flow Mapping, Design Systems, Information Architecture, Accessibility (WCAG).

Technical Capabilities: JavaScript, TypeScript, React, Next.js, HTML5/CSS3, Tailwind CSS, REST APIs, Git/GitHub, Headless CMS.

Methodologies & Collaboration: Agile/Scrum, Cross-Functional Team Leadership, Technical Feasibility Assessment, Stakeholder Management.

WORK EXPERIENCE

GLOBANT | Buenos Aires, Argentina

Web UI Developer | Nov 2025 – Present

- Drive product enhancements and feature development for web applications serving high-scale user bases, utilizing Next.js and TypeScript.
- Collaborate directly with UX designers and product stakeholders to define functional requirements, evaluate technical feasibility, and streamline user workflows.

MINIMALART | Remote

Front-End Developer | Jan 2025 – Nov 2025

- Led the end-to-end architecture and implementation of dynamic web applications using React, Next.js, and Strapi Headless CMS.
- Collaborate directly with Product and UX team through implementation process

YOUMARKET | Buenos Aires, Argentina

Front-End Developer & UX Specialist | Mar 2023 – Nov 2024

- Partnered closely with cross-functional UX/UI teams to lead component library redesigns, improving design consistency and feature delivery speed across the product.
- Spearheaded web accessibility initiatives, executing WCAG-compliant interface upgrades that expanded platform reach and inclusivity.
- Participated in sprint planning, feature grooming, and task breakdown, serving as the primary technical voice during product design reviews.
- Participated in product design and management writing requirements documentation, User Flows, Wireframes, and conducting interviews with users.

ALT COOPERATIVA | Buenos Aires, Argentina**Front-End Developer & Requirement Analyst | Oct 2020 – Mar 2023**

- Facilitated discovery workshops with clients to define project scope, user stories, and functional specifications for web deliverables.
- Mentored junior developers and structured internal training programs, enhancing team productivity and technical onboarding.

EIDOS GLOBAL | Buenos Aires, Argentina**Technical Instructor | Feb 2022 – Mar 2023**

- Designed curriculum and led web development courses for 100+ students, demonstrating strong technical communication and stakeholder presentation skills.

WOOPI APPS | Remote**Front-End Developer (Part-Time) | Mar 2022 – Oct 2022**

- Developed modular React features and integrated third-party REST APIs to extend product functionality.
